Objective:
Innovative and results-driven technology executive with over 15 years of experience in the technology industry. Proven track record of leading and developing high-performing engineering teams, driving innovation and product success, and fostering a culture of excellence and collaboration. Seeking to leverage my technical, strategic, and leadership skills to excel in a new CTO role at StIT.

Skills:

1. Strong expertise in software engineering, architecture, and development best practices.
2. Exceptional strategic thinking, planning, and decision-making abilities.
3. Excellent interpersonal, communication, and negotiation skills in French and English.
4. In-depth knowledge of the technology industry, trends, and market dynamics.
5. Experience in Agile methodologies, DevOps, and cloud computing.
6. Ability to inspire, motivate, and develop teams and individuals.

Education:
Master of Science (MSc) in Computer Science
École Normale Supérieure, Paris, France
Graduated: June 2006

Work Experience:
CTO
StIT, Paris, France
March 2017 - Present

1. Led the company's engineering and technology strategy, vision, and execution, driving innovation and product success.
2. Built and managed a high-performing engineering team, fostering a culture of excellence, collaboration, and learning.
3. Oversaw the development and launch of innovative technology products and solutions, ensuring high-quality, on-time, and on-budget delivery.
4. Implemented and improved Agile methodologies, DevOps, and cloud computing practices, driving efficiency, scalability, and reliability.
5. Collaborated with the CEO and executive team to develop and execute the company's strategic plan and vision.

VP of Engineering
InnoTech Group, Paris, France
June 2006 - February 2017

1. Led the engineering and technology strategy, vision, and execution for a multinational technology company, driving innovation and product success.
2. Built and managed high-performing engineering teams across multiple regions and business units, fostering a culture of excellence, collaboration, and learning.
3. Oversaw the development and launch of technology products and solutions, ensuring high-quality, on-time, and on-budget delivery.
4. Implemented and improved Agile methodologies, DevOps, and cloud computing practices, driving efficiency, scalability, and reliability.
5. Collaborated with the executive team to develop and execute the company's strategic plan and vision.

Certifications:
Certified Information Systems Security Professional (CISSP)
(ISC)^2, Paris, France
